

Quarterly service review

Prepared for the operations handoff. Numbers cover April through June and come from the weekly duty roster, not the ticket system, so a shift that opened no tickets still counts.

Coverage by region

Region	Shifts covered	Escalations	Median response
North	91	4	12 min
South	88	9	21 min
West	93	2	9 min

Escalations by month

Escalations by month, April through July.

Follow-ups

- Rebalance the South roster before the next quarter starts.
- Publish the escalation ladder where the on-call person can find it at 2 a.m.
- Retire the paper handoff sheet; two regions already stopped filling it in.
